School Accountability Report Card
Reported Using Data from the
2019–2020 School Year
California Department of Education

Lee Vining Elementary School

Address: 132 Lee Vining Avenue, P.O. Box 268, Lee Vining, CA 93541

Phone: 760-647-6460

Principal: Jeanne Sassin

Grade Span: TK-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refer to data provided by the CDE.

School Description and Mission Statement (School Year 2020–2021)

Narrative provided by the LEA

Principal's Message

Lee Vining Elementary School's staff is committed to implementing an intensive, balanced, standards-based curriculum to ensure each child's success. This annual report card to the community will share valuable information about our instructional programs, academic achievements, school facilities and safety, highly qualified staff, textbooks, and finances compared to other schools and districts in the state.

A special emphasis is placed on providing an instructional program designed to boost student confidence and increase subject matter proficiency. Staff, parents and the community work together to create a learning environment that has high expectations, promotes students' academic and social development, teaches responsibility and pride, and models learning as a lifelong goal. We teach students to show respect to one another by Being Kind, Being Safe, and Being Their Best.

Mission Statement

The mission of ESUSD, a community ascending from varied pasts toward future promise, is to ensure that each student achieves academic and personal excellence, through a unique educational system distinguished

by:

- student centered learning environments with no boundaries*
- devoted and passionate staff*
- engaged partnerships within our communities*
- technology that bridges the gaps with all communities and the world*
- innovative risk in a secure environment*

School Profile

Lee Vining Elementary School is located in the northern region of Lee Vining and serves students in grades kindergarten through eight following a traditional calendar. At the beginning of the 2020-2021 school year, 84 students were enrolled, which increased to 95 by 2021. This includes 18% in special education, 37% qualifying for English Language Learner support, and 67% qualifying for free or reduced price lunch. Lee Vining Elementary School achieved a 2013 Academic Performance Index (API) score of 790. Since that year we have not received academic scores for the school from the state level.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: “Misassignments” refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020–2021)

All textbooks used in the core curriculum at Lee Vining Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Wednesday, August 26, 2020, the Eastern Sierra Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #20-05 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2020-2021 school year, Eastern Sierra Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional material to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

Narrative provided by the LEA

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide a summary statement of the condition of the school facility, as required by Education Code sections 17014, 17032.5, 17070.75(a), and 17089(b).

School Facility Good Repair Status

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Lee Vining Elementary School's original facilities were built in 1932. That facility has since been torn down and a new building built in 2010 sits in its place. This building was built through bond funds. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Every morning before school begins, custodian inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Three half-day custodian bus drivers are assigned to Lee Vining Elementary School. During school hours, the custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Playground Cleaning
- Grounds maintenance
- Bus Driving

Restrooms are checked regularly throughout the day for cleanliness and are cleaned daily. Before and after school hours, the

custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Minor maintenance

The principal and Director of Maintenance communicate with custodial staff concerning maintenance and school safety issues. A new maintenance work order call-in procedure and log were created in 2014 to better communicate ongoing maintenance issues and problems.

Facilities Inspection

The district's maintenance department inspects Lee Vining Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Lee Vining Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place December 6, 2018. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2020-21, all restrooms were fully functional and available for student use. **Facilities Inspection**

The district's maintenance department inspects Bridgeport Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Bridgeport Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place in December 2020. No emergency repairs were needed, and no unsafe conditions were found. During the fiscal year 2020-21, all restrooms were fully functional and available for student use.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal and several staff members are strategically assigned to designated entrance areas and the playground. During recess and lunch, the staff supervises playground activity and lunchtime activity in the cafeteria. At the end of the day when students are dismissed, the principal and staff monitor student behavior to ensure a safe and orderly departure.

Lee Vining Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Bridgeport Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in August 2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Mathematics (grades 3-8 and 11)	20.37%	N/A	32.84%	N/A	39.73%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019–2020)

Narrative provided by the LEA

Use this space to provide information about Career Technical Education (CTE) programs as follows:

- A list of programs offered by the school district in which pupils at the school may participate and that are aligned to the model curriculum standards adopted pursuant to Education Code Section 51226; and
- A list of program sequences offered by the school district. The list should identify courses conducted by a regional occupational center or program, and those conducted directly by the school district; and
- A listing of the primary representative of the district's CTE advisory committee and the industries represented on the committee.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Narrative provided by the LEA

Due to COVID-19 restrictions, parent volunteer opportunities are limited to virtual only. Parents are encouraged to be involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or attending school events.

Parents stay informed on upcoming events and school activities through the Parent Square application, fliers, school website, and the school PTO. Contact the principal at (760) 647-6460 for more information on how to become involved in your child's learning environment.

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior years.

School Safety Plan (School Year 2020–2021)

Narrative provided by the LEA

The Comprehensive School Site Safety Plan was developed for Lee Vining Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy.

The school's most recent school safety plan was reviewed, updated, and discussed with school staff in August 2020.
